North Carolina Real Estate License Examination
STATE SECTION STUDY GUIDELINES

These study guidelines are provided to assist license applicants taking only the State section of the North Carolina real estate license examination.

Applicants taking only the State section of the examination are strongly encouraged to take appropriate steps to prepare. Currently, less than 40% of applicants who attempt to pass the examination without participating in a 75-hour Broker Prelicensing course are successful on their first attempt.

An application must be filed with the Commission before an applicant may take the license examination. To access the Commission’s online application system, go to the Commission’s website (www.ncrec.gov), click on “Licensing” and select “Apply for License”.

The passing score for the State section of the license examination is 72.5% (29 of the 40 scored questions answered correctly).

Complete information about the license examination and the licensing process is contained in the Commission’s Real Estate Licensing in North Carolina booklet. The booklet is available on our website (www.ncrec.gov) under the “Licensing” tab. You may also call or email the Commission to request that a paper copy of the booklet be mailed to you.
STATE SECTION EXAM PREP OPTIONS

Option 1: Take the 75-hour Broker Prelicensing Course.

The most thorough preparation for the State section of the examination (as well as for the National section) is to take the 75-hour Broker Prelicensing Course from a Commission-approved North Carolina school. This course is offered ONLY through live classroom instruction in NC.

A list of approved schools, including contact information, is provided on the Commission’s website (www.ncrec.gov) under the “Education” tab.

Option 2: Obtain and independently study books and materials.

A. For Coverage of ALL EXAM TOPICS:

There are two Commission-approved Prelicensing course textbooks. Both textbooks provide coverage of all topics tested on both the National and State sections of the license examination. Applicants taking the State section need only study the topics listed in State Section Content Outline.
