

STATE OF NORTH CAROLINA  
GOVERNOR'S OFFICE  
RALEIGH 27602

ROBERT W. SCOTT  
GOVERNOR

Greetings:

The more than 10,000 licensed real estate brokers and salesmen who make up the real estate industry in North Carolina make an important contribution to the economy of our state through the sale of real estate.

Economic growth, whether it be new industry, a shopping center, or a subdivision, usually begins with the sale of real property.

Selling real property demands a high degree of professionalism. Few other occupations have such a long range effect on the lives of those it touches.

I am sure that each licensee is keenly aware of his obligation to engage in only the highest standard of ethical real estate practice.

Best wishes for a better North Carolina.

Cordially,

A handwritten signature in cursive script that reads "Bob Scott".

Robert W. Scott
